

THEY MEET AND DRILL

Roosevelt's Rough Riders
Gather at 14th and Market.

ENTHUSIASM INCREASING

Members Will Give an Exhibition Tuesday Night.

Promptly at half past 7 o'clock last evening the members of the first troop of Rough Riders met at the corner of Central avenue and Main, where they formed for the second drill in the cavalry movements. When Captain Dr. Minnick gave the command to form in line fifty horsemen were present ready to engage in the drill. The order was given to march four abreast to Fourteenth and Market, where there is more room to execute cavalry maneuvers.

When the troops reached the drill grounds many of the movements which are performed in the cavalry of the regular United States army were gone through with. This being only the second drill, perfection in obeying orders has not yet been attained by either the men or the horses, but it is remarkable how fast both are becoming proficient. One would think that horses that have never been used to any kind of such service would be very hard to train. However that is not so much the case as might be supposed. The attendance and enthusiasm steadily increasing and many who have watched the drill of the organization are desirous of joining. The proficiency of the organization is rapidly increasing.

While the first troop has been organized only a few weeks its members and captain are anxious to make the troop the finest marching company in the state.

The drill last night was a success in every way and each man was pleased with his share in the evening's work. The appearance of the troops will be greatly improved when the new Rough Riders uniforms arrive. One hundred outfits have been ordered and they are expected to be here by next Tuesday. Of course the people of this city did not get to see the real Rough Riders as they followed their brave leader, Roosevelt, up San Juan hill, but they can soon have the opportunity of seeing a marching company of horsemen. Rough Riders in appearance and men loyal to Colonel Roosevelt whose gallant deeds are honored by Rough Riders organizations all over the country.

Last evening a great many spectators were present to witness the drill. The different movements were closely watched and the spectators became as enthusiastic as the participants.

On next Friday evening two troops will meet at the usual place, on Central, just south of the court house. Everyone who is interested is invited to be present.

When Hon. J. R. Burton comes to the city on the 25th the Rough Riders will do their new uniforms and give a marching exhibition in honor of the distinguished visitor. By that time the troops will be trained so as to give some very difficult movements and Wichita people will have an opportunity of seeing the first well drilled campaign organization on the streets.

A GOOD many consensives would be cured and the worst cases comforted and relieved by using POLLEY'S HONEY ANOYER. Suggest it to those afflicted. You should do this as a FRIEND. G. Gehring, 409 E. Douglas; Geo. Van Warden, 225 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Sauer, 324 E. Douglas.

WORKING ON THE ORIENT

Two Gangs of Men and Teams Begin Grading in Oklahoma.

The work of grading for the Orient road has already commenced in Oklahoma, and two gangs of men are now working at different places along the survey. One gang is near the Kansas line and another in the Cimarron bottoms.

The statement is made that trains will be running over a portion of the road early in the coming year. Just when they will reach this city is not known, but probably some time in February.

The Guthrie leader, in connection with the work on the road in Oklahoma, says: "R. C. Curd, a well known Republican politician of Woods county, is in the city today. He is much interested in the Orient road, which, A. E. Smith, well known Kansas City and Wichita is the author and promoter. This road cuts Woods county in two with its survey and runs within one-quarter of a mile of Mr. Curd's farm house. He says that over one hundred teams are now grading the road from the Cimarron river north and ten miles farther toward the Kansas line are one hundred more teams busy throwing up dirt for the grade."

"Recently he had a conversation with the head men of the survey and grading work and learned that the company expects to have the steel laid from some point in the south section of Woods county to Anthony, Kan., and on to Wichita, with trains running not later than February 1. This will give us a splendid outlet for our grain and stock," said Mr. Curd. "It will also bring the products directly to a good market. At Wichita the Omaha are putting in a very large packing establishment, and this alone will insure a quick sale, at the best prices, of all the hogs raised within reach of the line."

"To say the farmers are pleased with the outlook for the railroad's early completion is putting it mildly. The completion, which the road will produce will always make it a gold shipping route."

"Another feature of this road's construction is that it will be a through line from Kansas City to the Pacific coast. This will shorten the route to the Orient market and will become the leading road for Oriental traffic. The road runs through the length of Oklahoma north and south, and is a valuable line of travel for the territory."

FOR A PERMANENT MUSEUM

Exhibition of Relics Which May Go to the City.

Mr. Henry Poole, a soldier of the civil war, spent ten months in Cuba during the Spanish war, and collected a large number of valuable and interesting relics from the battlefield of San Juan.

PARKER'S HAIR BALM

Just, which in connection with a like collection of Philippine relics brought by Mr. E. A. Holman, a soldier in the Philippines, from the Sandwich islands, will be placed on exhibition in the city building during street fair week by the Women's Relief Corps of this city. The admission will be 10 cents. The ladies will also receive donations for the purpose of purchasing the Cuban and Spanish relics for a permanent museum for the city. Every one should feel a pride in securing these valuable relics as a permanent acquisition to the city.

Mr. Poole is also the inventor of a labor saving machine for harvesting broom corn and seedling the same. He has tested his machine in the field and proved its practical character. The Commercial club of this city has had the plans of the machine examined by a committee who pronounce it a practical and valuable invention. This machine will save from 25 to 30 per cent in the harvesting of the broom corn crop and save the brush in its prime, cutting from eight to ten acres per day and seedling the same while cutting. Mr. Poole is anxious to manufacture his machine in this city and in order to raise money to do so he has placed the same in the hands of the Women's Relief Corps, who are also receiving donations of \$1 for that purpose, the stock being issued in \$1 shares. It is proposed to present each person donating \$1 with one share of stock. If sufficient money is not raised to form this company, then 25 per cent of the amount collected will be retained for medical work and the other 75 per cent will be equally divided between the Wichita Hospital, the Children's Home and the Women's Relief Corps. The money received by Mr. Poole from both of these donations will be used for building this machine and providing for its manufacture in this city.

The establishment of a factory in this city to build these machines would be of incalculable value to the business interests and the wage workers, and these \$1 shares in the stock of the company bring the matter within the reach of all. Any person desiring information can obtain the same by calling on or writing P. A. Rohrbach.

WILL GO INTO EL DORADO

Orient Road Proving to be a Popular Project.

The building of the new Orient road in this part of the state is attracting attention among the surrounding towns. The road is to go east from this city and will reach El Dorado. El Dorado now has the Missouri Pacific. The El Dorado Republican, in commenting on the new road, says:

"The Topolampam railway will be built from Wichita to Red River, Texas, at once. The steel will be hauled in by the El Dorado. The steel will come from Arkansas and will be delivered by the same road. The division between Kansas City and Wichita will be the second to be built. It will come to Emporia, cross the Cottonwood river south of the town and will enter this country near the northeast corner. It will be built to El Dorado. The steel will come from south of the Missouri Pacific track. From here it will be built on an air line to the Burton car works, Wichita. These are the facts and you can rely on them. So it will soon be in order to get ready to vote bonds to the new railroad. It is coming to El Dorado."

CHESTER I. LONG AT DERBY

Held an Enthusiastic Meeting There Yesterday.

Chester I. Long yesterday afternoon addressed the Republicans of Derby and vicinity. The local Republicans say it was the best meeting that has been held there in recent years. A number of Republicans from Wichita and other parts of Sedgewick county attended the meeting. The hall was more than filled and the usual percentage of persons heard the speech in the doorway and sides of the hall.

This is Mr. Long's second Sedgewick county meeting and they improve the local situation materially. Mr. Long spoke at Clearwater Wednesday afternoon.

Mr. Long will be in Wichita next Wednesday and will address the old soldiers in the afternoon of that day. He has several other Sedgewick county dates later on in the campaign.

THREE MEN SENTENCED

Judge Dale Closes Up Cases of Men Recently Convicted.

Judge D. M. Dale yesterday sentenced in the district court three men recently convicted of crimes in that court. The sentences vary and are as follows: Gottlieb Kotke, convicted of assaulting Doc Kelly, with intent to kill him, received two years in the penitentiary. Charles Marion, convicted of stealing a horse near Cheney, received two years in the penitentiary.

Arthur Dunford, convicted of cutting Thomas Jamison at Clearwater, was sentenced to four months in the county jail. Motions for a new trial are pending in the cases of Frank Allgood, convicted with having stolen a horse near Cheney, and William Walden, convicted of killing Thomas Hoffman near Derby. On this account their sentences are deferred for the present.

The prisoners sentenced will remain in the county jail until transferred to the penitentiary. Seven of them are lodged in the rotary in the jail.

COMES TO WICHITA

Mr. C. C. Johnson Moves Family Here From Hutchinson.

C. C. Johnson, a prominent cattle dealer of Hutchinson, has moved his family to this city and will make their home at 321 South Lawrence. Mr. Johnson visited Wichita last spring and purchased two good farms in Sedgewick county. He was favorably impressed with the progress, push and enterprise of the Forrester brothers, and when he returned to his home sold out his property preparatory to moving to this city.

A Family Medicine Chest

Ninety-nine cases of a hundred, Cascaras Candy Cathartic will cure the ailments of the family. The bundrath time call the doctor. Druggists, No. 10, E. Douglas.

SANE FOR A DAY

Strange Case Was on Trial Yesterday.

M'NEAL'S REPLIES CLEAR

But He Wanted to be Sent to the Asylum.

Harry McNeal, the man who was last week lodged in the county jail for insanity, was tried in the probate court yesterday afternoon and found insane. He was found out northeast of the city by a farmer and brought to the jail, where he has been ever since Monday night. The man talks rationally at times but generally has hallucinations of evil things being perpetrated against him. He constantly fears that some one is going to kill him, and at one time called the turkey and asked that he might be released in order to elude the dreadful death which he supposed they were about to inflict upon him. He complains of being sick and says he has suffered much with his stomach and is afflicted with rheumatism.

The unusual feature of the case was that McNeal claimed rationally for the day only, knew he had been insane before and would be again, and he wanted to be sent to the asylum. His claims that he was rational for the day only is borne out by the character of his testimony, which was very clear and direct.

Judge Haymaker examined him. The examination is as follows:

"What is your name?"
"Harry McNeal."
"How old are you?"
"Thirty-seven years old."
"Where is your home, Mr. McNeal?"
"In Dayton, Ohio."
"Are you a single man?"
"Yes, sir."
"How long have you been in Kansas?"
"Twelve years."
"At what place or places?"
"At Ottawa and Melbourne."
"What is your business?"
"I repair umbrellas."
"Have you ever been insane?"
"Yes, sir."
"What did they do with you?"
"I was taken to the insane asylum at Topeka."

"Where were you at this time?"

"At Lansing."

"At Lansing? That is where the penitentiary is located."

"Yes, sir."

"Then you have lived in Lansing?"

"I was in prison there."

"For what were you in prison?"

"For burglary."

"Committed where?"

"In Melbourne, Kan."

"What did you steal?"

"Nothing."

"Why did they send you there?"

"Because I couldn't prove myself innocent."

"When did that occur?"

"I don't remember."

"Were there any others implicated in the burglary?"

"Yes, sir, but I was not."

"What was stolen?"

"A safe was blown open and robbed."

"Where were you?"

"I was in Ottawa."

"Couldn't you prove that you was in Ottawa?"

"No, sir."

"What has happened since that time?"

"I don't remember very much."

"You feel better now, don't you?"

"Yes, sir."

"How long has your mind been clear?"

"Just today."

"Do you remember when you were brought here?"

"No, sir."

"Do you remember anything that has transpired since you have been here?"

"No, sir. Nothing. I only know today."

"Has there ever been insanity in your family?"

"Yes, sir. I had an aunt who was insane."

"On which side of family?"

"On my mother's side. My mother's sister."

"Have you ever been addicted to the use of liquor, which might have had a tendency to cause your insanity?"

"No, sir. Not very lately."

"When then?"

"Three or four years ago."

"Is your appetite good?"

"Not very. I am sick."

"Mr. Dodds, the turkey, testified that McNeal had a strange hallucination. He said:

"He has been afraid that we were going to murder him and wanted out. He had some opinion on his person when he came to the jail. Some of the prisoners told me of it and I searched him, but he had taken all but a piece about the size of a pea. He asked me to bring him some peaches to eat; about two carloads."

McNeal was then asked:

"Then you take opium, do you?"

"I took a little, yes, sir."

"You are addicted to the habit?"

"No, sir. I took it for the rheumatism."

"Where did you get it?"

"I don't remember the town. It was up on the Santa Fe between Newton and Leavenworth."

"Burrton?"

"Yes, sir."

"He said the once worked for Ringling Bros. circus."

"In what capacity?"

"As common laborer. Helping with tents, stakes, etc."

"Where was that?"

"At Lowell, Mass."

"Where did you go from there?"

"To Chicago."

"From there?"

"Same to Kansas."

"Then you began repairing umbrellas?"

"Yes, sir."

"Where have you been?"

"In Topeka, Leavenworth and cities in the eastern part of Kansas."

"Do you remember what you did at these places?"

"No, sir. My memory seems to be a blank."

"Are your eyes good? They look bad."

"Well, there is nothing particularly the matter with them. They are not strong."

"Have you any relatives here in Kansas?"

"Yes, sir. An uncle in Melbourne, Kansas."

"What is his name?"

"Courtland Lawson."

"How came you here?"

"I don't know anything about it. Today is the first I know about it."

"Have you any money?"
"No, sir."
"Have you any clothing other than what you have on?"
"No, sir."
"How long were you in the asylum at Topeka?"
"Thirteen months. Was sent to state prison for twenty-one months."
"Did you serve out your time?"
"No, sir. I was sent to asylum. I served seven months in prison."
"Did you say you were pardoned from prison?"
"No, sir. Well, yes I was pardoned about ten days before my term was out."
"By whom?"
"The governor. You know he pardons you ten days before your term expires."
"Didn't some one else get your pardon?"
"Oh, that was another time. That was for picking a man's pocket."
"Who was it that got your pardon for you?"
"It was Ambrose Mullish of Ottawa, Kan."

"What is his business?"

"He is a jeweler there."

"He got you out, did he?"

"Yes, sir."

"Have you had any physician treating you since you came here?"

"No, sir. I would like to go to the asylum where I can be treated. They treat you right there and give you all the medicine you need. They visit you twice daily."

"The jury all agreed that the man is undoubtedly insane and ought to be sent to the asylum. Judge Haymaker, who adjudged the case, deemed it expedient and only humane to charge the man insane. He will probably be taken to Topeka soon."

OLD SOLDIERS ARE COMING

Will Inade This City on October 2nd.

The 2nd day of October will witness the assembling of old soldiers in Riverside park. Tents will be in place and all camp arrangements ready for their reception. The executive committee, of which John Fisher is chairman, has made all necessary accommodations for the big crowd expected. Captain Asper of battery A, will have salutes given at 1 o'clock Tuesday and every morning after the reunion. Garfield and Eggleston posts and the U. V. U's with all lady auxiliary societies will have headquarters tents and there will be a general headquarters tent for the reception of visitors.

"Twelve years ago," he held and acted speakers in the state will be present as well as several of our prominent local speakers. Major Hendershot, the greatest drummer in the world, and his son, the wonderful fife, will give all the army calls, tattoos, reveille, solos and marches.

Early each evening there will be an exhibition of moving pictures of battles in Cuba, Philippines, etc.

Tuesday at 1:30 o'clock p. m. Mayor Ross will deliver the address of welcome to the old soldiers, and this will be responded to by Captain Burgess, president of the association. Miss Estelle Burke will give a recitation entitled "The Battle on Lookout Mountain." Mrs. Childs and Miss Blanche Childs will render a duet. This will be followed with an address by Department Commander W. W. Martin of Fort Scott. In the evening a camp fire and addresses made by John Fisher, Paul Brown and other local speakers and visiting comrades.

Wednesday morning-Salute by battery A and solos and calls on drum and fife by Major Hendershot and son, followed by experience meeting. Afternoon, 1:30 o'clock-Addresses by Hon. Chas. F. Scott, candidate for congressman-at-large, and Hon. Chester I. Long. Miss Gail Sutton will give a recitation entitled "Lincoln's Dream." Mrs. U. B. Lawrence will give a recitation.

Evening-Address by Senator W. H. Harris and local speakers.

Thursday morning-Salute by battery A, camp fires and talks by visiting comrades.

Afternoon-Addresses by Senator Baker and Hon. Jerry Botkin, candidate for congressman-at-large. Miss Gladys Hathaway will give a recitation prepared especially for the occasion, entitled "The Story of Home, Sweet Home." Miss Mary Plushback will recite a selection entitled "Behind the Rifle Pits."

Evening-Address by Captain J. R. Fishback and others. Recitation by Mr. Dick Hathaway and song by the Muses Bradley.

Friday's program will open with extraordinary salute by battery A. Then a. m. an army camp meeting and addresses by local and visiting speakers.

Afternoon-Governor W. E. Stanley and Rev. Father Thien will deliver addresses. Miss Lena Fuller will render the "Whistling Regiment."

Evening-Department Commander W. W. Martin and W. H. Henry will deliver addresses. Captain Burgess has invited the following local speakers to make addresses, but the dates have not been fixed when they will speak, but each day's program will be published. They are: John Davis, Paul Brown, Geo. Alexander, Judge E. W. Tapp, J. F. Conley, Thos. Wilson, Otto Eckstein, Rev. Thos. Haddad, Paul Brown, and others.

Senator Harris is likely to be called to Washington, otherwise he will be here. The program above will be subject to changes as dates are received and altered from the speakers. The schools of the city are urged to arrange to spend at least one day at the reunion.

The following vocalists will favor the reunion with patriotic selections: Mesdames Hubert Childs, B. F. Walden, Addie Homrighous, Bryant and Miss Larimer.

DESIGN IS ENTIRELY NEW

Innes & Co.'s Band Stand by Course of Erection.

During the street fair there will be a number of fine bands here to favor the crowds with the best and most popular music, and in order that everyone may get the full benefit of a commodious band stand which will be placed in the street fair grounds on English street, between Main and Market.

This stand will not be built like the common tower arrangements, but will be built after the manner of a shell. That is, the outline of the enclosure will have no corners but will be oval in shape. Thus a perfect sounding board will be the result. Those who have the construction of this bandstand in hand say that the falling of a drum stick in the enclosure will attract the attention of a pedestrian two blocks away.

After the street fair the city will move the stand to some convenient place for open air concerts and let it remain there for permanent use.

FOR SERIES OF LECTURES

Santa Fe Plans for New Features in Reading Room.

Mr. and Mrs. B. R. Baumgardt of Los Angeles, Cal., accompanied by Mr. S. E. Bussner, superintendent of reading rooms of the Santa Fe system, arrived here yesterday and spent the day looking over the city. The party are enroute to Wood-

COMMON SENSE TALK WITH WOMEN.

If a person is ill and needs a medicine is it not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This is very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance,

Lydia E. Pinkham's Vegetable Compound.

For thirty years its record has been an unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; when on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States genuine testimonial letters than have ever been published in the interest of any other medicine.

We have thousands like the following addressed to Mrs. Pinkham:

Monthly Suffering Backache and Bearing-down Pains always Cured by Lydia E. Pinkham's Vegetable Compound.

"I suffered untold agony every month, could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss Joie Saul, Dover, Mich.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in highest terms to all sick women."—Miss Rosa Holden, 120 W. Cleveland Ave., Canton, O.

Another Case of Kidney, Womb and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble, and my back was so stiff and sore. The right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills, and using the Wash, and am now able to do the most of my housework. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefiting some other suffering woman. I recommend your Compound to every one."—Mrs. Mary Vaughan, Trimble, Pulaski Co., Ky.

A Letter Which Proves That Lydia E. Pink
